## SOCIAL MEDIA AND COMMUNICATING

**THE SMART GROUP CHAT RULES/ DIGITAL LEADER:**

Here's a great checklist for when you use WhatsApp or Snapchat is:
- Don't add people without permission,
- Don't add your face online
- Don't add strangers on a video game
- If you don't say it to someones face don't text it

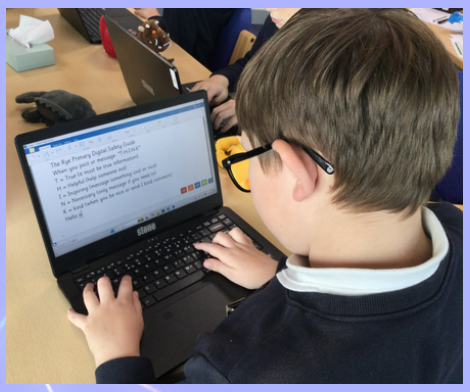

**By Eliza**

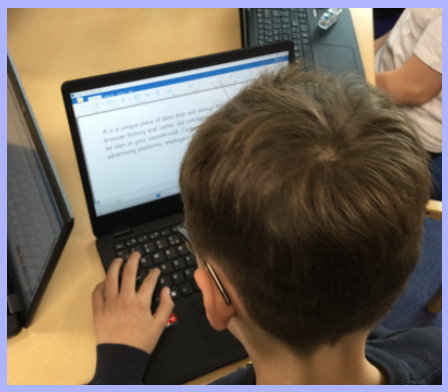

**Stranger Danger!!!**

Stranger danger is when someone approaches you with an idea or a suggestion that you may or may not want. If that person is somebody you don't know, then either block them, don't reply at all, or, most importantly, tell a trusted adult. If you you do reply, then say no and don't say anything rude. **By Elsie**

# CLICKER

Clicker is our friendly writing and literacy support software designed as a tool for primary children. "We love using Clicker when we want to write" by Archie

## The Rye Primary Digital Safety Guide

When you post or message: "T-H-I-N-K"

T = True (it must be true information)
H = Helpful (help someone out)
I = Inspiring (message something cool or nice)
N = Necessary (only message if you need to)
K = kind (when you be nice or send I kind comment)

# GAMING AND ENTERTAINMENT

**To keep you safe on online games use these top tips:**

- A good way to stay safe online is by blocking people or keep your voice chat off. You can also report a player if they are being mean or you can tell a trusted adult. You can also leave the game.

**The truth about "free" in-game rewards:**

If you ever see a website that says it will give you free rewards, do not click onto it because it will try to steal your E-mail and your password, it will ask you for

If your dealing with toxic players, you're going to want to listen to these top tips:

- If your being bullied online, the best thing is to tell you trusted adults and to block them.
- Next, you should make sure to switch lobby's and unfriend them.
- Then save every hurtful message and capture the date and the time and user name to show to your parents or trusted adults.
- Finally, DO NOT DELETE ANY EVIDENCE of the incident so the parents have evidence to report what happened in the game.

# YOUR DIGITAL FOOTPRINT

A digital footprint is a permanent amount of data that is tracked down in your computer and it will follow you anywhere and everywhere you go.

Only write things that are kind and respectful.

By Leo

When you make a new password, use 3 random words like field, bike and house like this: (fieldbikehouse). PASSWORD POWER TOP TIP: never share your password with a friend or even a family member - not even a sibling.

By Samuel

As our digital lives continue to grow, protecting personal information becomes more important.

Keep your account details secret.
