

# Welcome to Barracuda class!

Your new teacher will be....me! Miss Dale

I'm really looking forward to teaching you in the New Year and getting to know you all.

I began my teaching career in South London over 10 years ago. After teaching for some years, I went travelling through South America and New Zealand and settled in Sydney, Australia, where there are lots of beautiful beaches. I visited the Great Barrier Reef where I saw amazing fish and a shark or two (!). I also saw lots of lush rainforests and sandy deserts. I worked in the city of Sydney teaching English to adults who came from Japan. I came back after a few years and taught in London, until it was time for my next big trip, this time to Cyprus, where I lived with a Cypriot family, and taught at a school in between the sea and the mountains. I loved learning about the culture and learning a new language, as they speak Turkish on that part of the island. After moving back from Cyprus, I also taught in a French school, teaching Art and English, which are some of my favourite subjects, alongside speaking French with the children.

I am really looking forward to learning together in the New Year, and finding out all about your favourite subjects and all your amazing skills.
