Dear Parent or Carer,

The East Sussex School Health Service offers the **National Childhood Measurement Programme (NCMP) – heights and weights** for year six children.

This programme is accessed via the **School Screener parent portal**.

Please register for your account by clicking this link

<https://schoolscreener.com/parentportal/east-sussex-school-health/>

This will make sure that all the information is up-to-date and accurate. You'll have secure, 24-hour access to all personalised data for your children with one username and password.

The School Health Team will visit your child's school on **30th January 2024** to complete the NCMP.

This programme is OPT-OUT

If you would rather your child doesn't take part, you can **OPT OUT** by accessing your **parent portal** account. We will assume you are happy for us to see your child in school if we don't hear from you. We are unable to accept an opt out from a member of staff from your child's school.

The parent portal will be locked 48-hours prior to the screening date and then unlocked following the screening to enable you to view the results letters. During these 48-hours you will not be able to register or opt out of the programmes. If you wish to opt out in this 48-hour period please call 0300 123 4062 option 6.

Please access the parent portal to view your child's NCMP measurements, you won't receive results in the post unless you contact us to request that.

We hope you find the below animation helpful in clarifying the aims of the NCMP programme and how it works in practice.

You can view our animation below:

Chair John Goulston **Chief Executive** Mairead McCormick
Trust HQ Trinity House, 110-120 Upper Pemberton, Eureka Park, Ashford, Kent TN25 4AZ
